A man with short brown hair, wearing a multi-colored sweater (yellow, green, blue) and teal pants, is lying on his back on a grey, cracked concrete floor. He is looking upwards with his arms raised. Scattered around him are several colorful objects: a red plate, a green cup, a white bottle, and a red plate. The scene is lit from above, creating soft shadows.

Daniel Koziol
Geschäftsführer · CEO

We are a family-owned business in our third generation. Production has been located exclusively at our headquarters in Erbach/Odenwald since 1927 – in the center of Europe and all under one roof. Over the past decades, we have reinvented ourselves multiple times with a great deal of pioneering spirit and courage. Design, creativity, and sustainability remain at the core of our values today.

GERMANY

SINCE 1927

SUSTAINABILITY

We have proudly maintained climate-neutral operations since 2021. We save more than 70% through our own measures, and we compensate for the remaining CO₂ emissions by intelligently reforesting a forest on the German island of Rügen with climate-resistant tree species. We use only green electricity, 40% of which we produce ourselves with a photovoltaic system. The cooling water pumped from our own well is used in production in a closed water circuit to conserve consumption. We use our production waste heat for heating the buildings.

MATERIAL

Our collection features bio-circular plastics made from recycled cooking oils sourced from the food service industry. These oils are collected and transformed into high-quality plastic through a specialized recycling process. The result is a unique, highly durable material that's melamine-free and 100% recyclable. Our products retain their beauty over time and are, of course, dishwasher-safe and microwaveable.

GOOD DESIGN

Function has always been integral to great design. While it may sound simple, achieving it is anything but. Subtle details - often unnoticed - can distinguish good design from truly exceptional work. Our approach goes beyond aesthetics; we thoughtfully incorporate sustainable materials and production methods. All with one goal in mind: creating a future worth living.

PEOPLE

Nothing is impossible. Our experts are here for you, bringing extensive creative and technical expertise to every project. Whether you need a one-of-a-kind campaign product, a unique customer gift, or an eye-catching giveaway, we think outside the box to deliver the perfect solution. With our in-house production in Germany, we ensure maximum speed and flexibility to meet your needs.

TRUST

koziol

Made in Germany

We ensure reliability. Our independent production facilities in Germany enable fast, transparent, and resource-efficient manufacturing. With our entire value chain consolidated in one location, both our company and materials are fully certified. Additionally, our supply chains and production processes are meticulously traceable, providing you with complete peace of mind.

YOUR COLORS

YOUR STYLE

YOUR PACKAGING

With our extensive range of finishing technologies, we can bring your custom product to life in no time. The possibilities are nearly endless: personalized colors, printing, special packaging, laser engraving, or in-mold labeling. Logos, fonts, and graphics can be transformed into tactile 3D motifs on select items, adding a unique, dimensional touch. We also offer integration of RFID or NFC technology.

Let's bring your unique project to life together!

PIECES

PAD PRINTING

IMPRINT THAT LASTS

The pad printing process offers excellent print quality unmatched by any other technique. This indirect printing method allows for printing on uneven and curved surfaces with exceptional precision. It is ideal for positioned designs with up to four colors. Pad printing can be realized starting from just 100 pieces.

FROM
100
PIECES

LUXURY PRINT

SEAMLESS BEAUTY, LASTING IMPRESSION

This high-tech printing process allows for seamless, high-quality printing on cylindrical and slightly conical shapes. The luxurious all-around print is extremely durable and impresses with its brilliant colors and pleasant texture. Special effects, such as additional printing with varnish, are also possible. This method is ideal for repeating patterns and can be realized starting from just 100 pieces.

LASER ENGRAVING

PRECISION CRAFTED, PERMANENTLY YOURS

Laser engraving is the perfect method to personalize our products starting from just one piece. Logos, emblems, and even names can be engraved. A key advantage: this technique is food-safe and allows for markings even in areas with direct contact with food. Laser engraving is ideal for fine designs and always appears in an elegant anthracite finish. Custom QR codes can also be implemented.

personalized
QR code

IN-MOLD LABELING

YOUR BRAND, MOLDED TO PERFECTION

With in-mold labeling technology, we apply high-resolution images and graphics permanently to your product. In this process, a printed film is inseparably fused with the product during injection molding. This technique is perfect for applying full-surface designs and is also environmentally friendly, as the film and product are made from the same material and can be fully recycled. Naturally, all products are dishwasher-safe. Available starting from 2,500 pieces.

3D CUSTOMIZATION

MAKE IT YOURS – IN EVERY DIMENSION

It doesn't get more individual than this: Thanks to interchangeable inserts, custom designs can be integrated directly into the product as tactile 3D motifs. This makes your message not only visible but also tangible. Many of our products are already equipped with this innovative molding technology and are ready for unique designs. Texts, logos, or images - almost anything is possible.

FROM
1.000

COLOR VARIETY

YOUR BRAND, YOUR COLOR, YOUR IDENTITY

Whether it's DHL Yellow, koziol Blue, or Purple Cow: nothing defines your identity like your own brand color! We can also implement your desired color. Our bio-circular material can be easily colored in (almost) any Pantone shade. A custom color is available for most items starting from just 1,000 pieces.

CHOOSE YOUR OWN COLOR

PACKAGING

CRAFTED UNIQUELY FOR YOUR BRAND

A personal message gives your product a unique touch. We are happy to provide the perfect finishing touch with customized packaging. All standard packaging from koziol - ranging from labels and sleeves to 4C cartons - can be personalized. Contact us, and we will gladly show you all the possibilities.

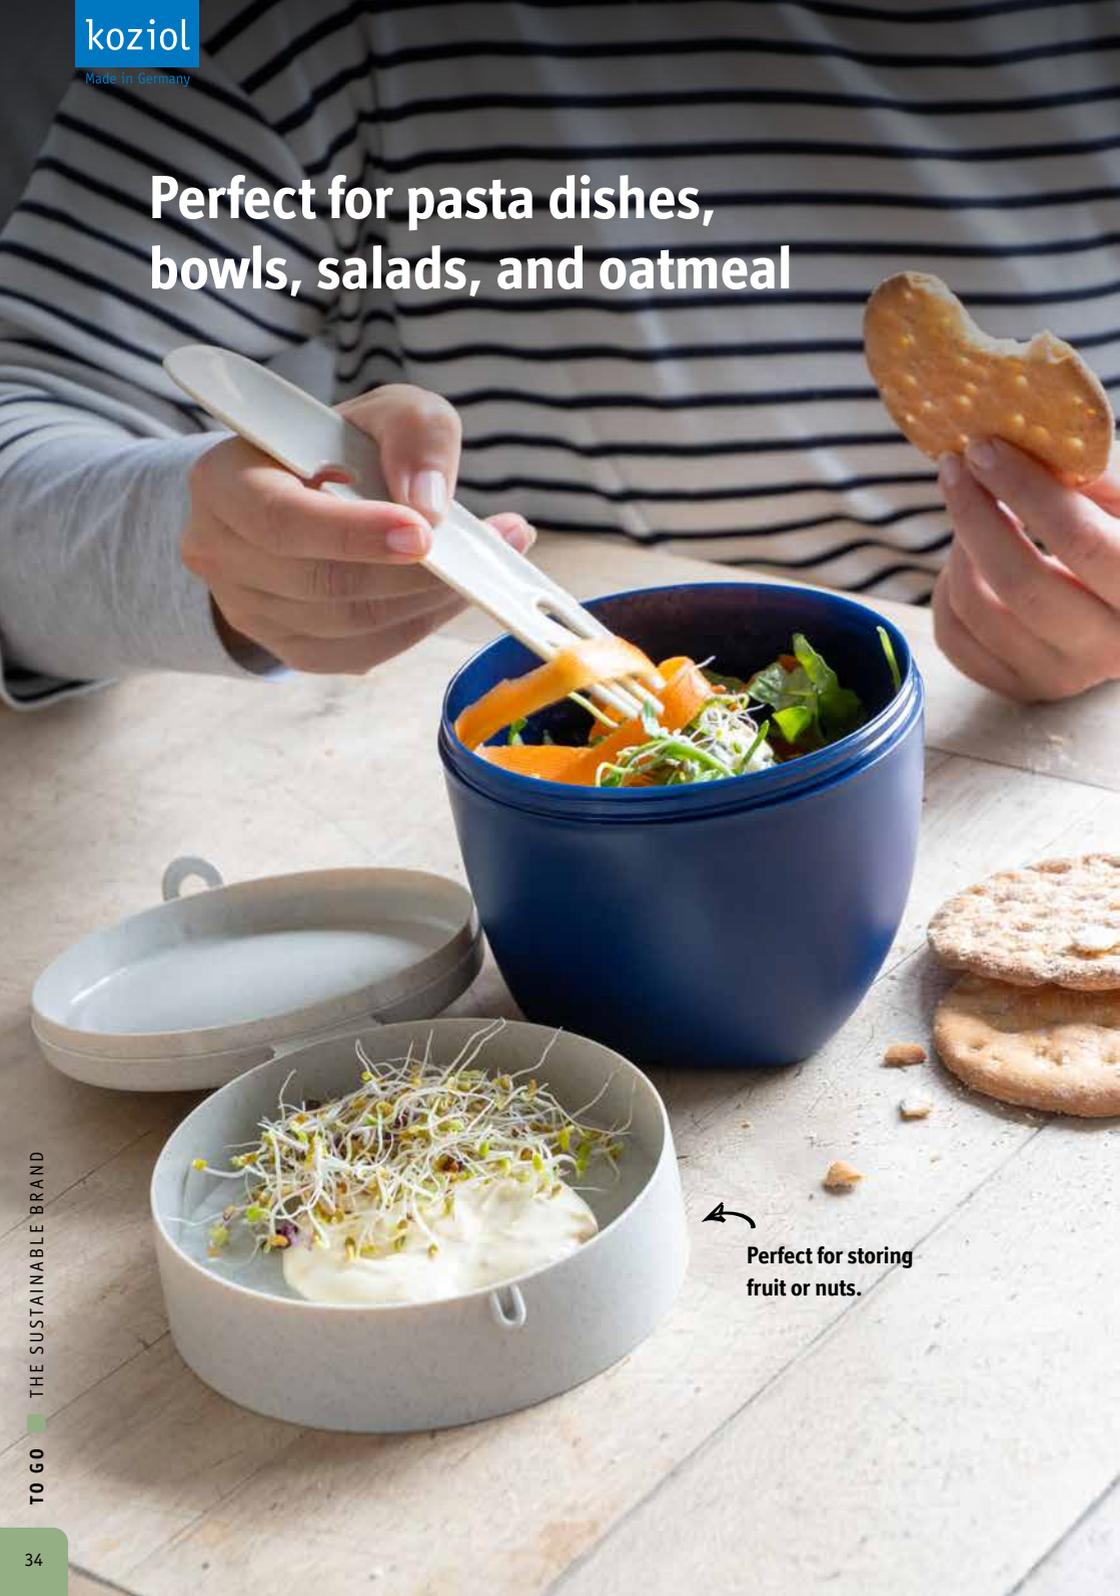

»TO GO

Take your brand everywhere with our to-go products! They're super practical, which makes them perfect for daily use! Homemade meals on the go are in because they're healthier, taste better, and help the environment by reducing single-use packaging. We offer a wide range of lunchboxes and bento boxes, drink bottles, and of course, the iconic KLIKK cutlery set.

» KIDS COLLECTION

The logo features the brand name 'koziol' in a simple, lowercase font at the top. Below it, the words 'HAPPY' and 'KIDS' are written in large, bold, multi-colored letters. Each letter is filled with a different color (red, blue, green, yellow, orange, purple) and has a white outline. The letters are surrounded by stylized, colorful rays or starburst patterns.

The colorful Kids Collection delights with cheerful designs, turning every meal into a little adventure.

A photograph of a child's meal on a white table. In the foreground, there is a blue bowl with a white cat and a black bat design, filled with oatmeal, blueberries, and orange slices. Next to it is a blue cup with a space theme (stars, planets, rockets) containing a brown beverage. A green apple sits on the table. To the left, a blue plate holds a sandwich and cucumber slices. In the background, a glass pitcher of orange juice sits on a woven placemat. The scene is brightly lit, suggesting a sunny day.

Of course, everything is made from bio-circular plastic, free of melamine, 100% recyclable, and produced fairly and completely carbon-neutral in the Odenwald region.

Perfect as a gift for
births • ABC gifts • World Children's
Day • daycare centers and kinder-
gartens • city festivals • on-pack
promotions • World Savings Day •
giveaways • and more...

Your own in-mould design starting from 2,500 pieces

We can create your own IML design starting from 2,500 pieces.

For smaller projects, we recommend the Koziol kids designs, which can be customized with an additional pad print starting from just 100 pieces.
